

Activity Lesson Opener

For use with pages 26–32

SET UP: Work with a partner.**YOU WILL NEED: • scissors**

A pizza was made in the pan at the right.
The pizza was then cut into eight pieces.
The pieces were placed on a serving tray
along with two pieces from another pizza,
as shown below.

1. Which piece is the largest? Do you think that piece came from the pizza made in the pan shown? Why?
2. Cut out the pieces shown on the serving tray. Place the pieces in the circle to find the eight that came from the pan shown.
3. Explain how you know that the two pieces left over did not come from the pan shown.
